Take Interest In University Says President

HONOR SPIRIT, GOOD MANNERS
AND CARE OF COLLEGE PRO-
PERTY EMPHASIZED

"Through the spirit of common endeavor, the students of the University should cultivate an interest in the policies and the future of the institution that the intellectual attainment, service, and enterprise of her students may yield great results to the Territory," declared President A. L. Dean at the assembly hour Friday morning.

In referring to the honor system, the president said that by its means the student was made guardian of his own honor in all written examinations. "In adopting the system the students, for it is they who have put it into effect, are showing to the community that they are not willing to have in their membership a man who has no sense of honor," continued Dr. Dean.

In the course of his talk the president advised all students to buckle down to work and not waste time on unimportant things. He also emphasized the importance of encouraging student courtesy and the necessity of taking the best possible care of all university property.

Baron Fersen, president of the Lightbearers, explained why he had been requested to cancel his course of lectures which were announced some time ago. The policy of universities being to teach only those sciences that are recognized or approved by educational authorities, it was deemed advisable by the members of the University faculty not to accept the offer made by Baron Fersen to establish a free chair of the "Science of Being."

Words Received From Former Varsity Men

"We're perambulating in old historic Salem. Having tea and nimble cake in the tea-room back of the 'House of Seven Gables,'" writes the "Honolulu bunch," formerly students of this University, to Dr. A. L. Andrews.

The "Honolulu bunch" include Ki-yoshi Hosoi, ex '21, Clarence Lum, ex '22, George K. Paoa, ex '22, and Walter Akana, ex '22, all of whom, with the exception of George Paoa, who is attending the Harvard Dental School, are studying at Cornell University.

According to word received by his brother, Walter Akana has recently been appointed instructor of anatomy at Cornell medical school.

"The name of University of Hawaii is pretty well known up here, and several have asked me about taking up the study of sugar," writes Moi Hee Chong, ex '24, from Grand Fork, N.D. Chong left here this summer to attend the University of North Dakota Medical school.

"I attended the 13th annual Chinese Students' conference at Northwestern University. While in Chicago I met many former students of the University of Hawaii. I visited many of the institutions in and around Chicago. If conditions permit, I shall visit Cornell with friends at Christmas time."

HALLOWE'EN PARTY PLANNED

The Adelphi club is planning a Halloween masquerade for the faculty and students on the evening of October 25. Doris Mossman, president of the club, has appointed committees which are at work to make the party a success.

Dramatic Club Names Cast For "Adam and Eva"

After much consideration, the production committee, the officers of the dramatic club and the coach selected the cast for "Adam and Eva" Sunday. All the members have had previous experience and are expected to put on a splendid production. The cast consists of: Eva, Dora Broadbent, '23; Adam, W. G. Lawson, '26; Mr. King, Francis Bowers, '24; Julie, Margaret Wall, '26; Corinthia, Doris Mossman, '24; Aunt Abbie, Benita Clarke, '24; Lord Andy, Dyfrig Forbes, '25; Dr. Delameter, Koa Cook, '25; Uncle Horace, James Seals, '24; Clinton, James Landers, '26.

Rehearsals will be held for the next seven weeks, and the cast are depending upon the student body to help them make "Adam and Eva" a success.

The production committee consists of: Chairman, Laura Pratt; publicity, Daniel Low; music, Francis Bowers; costumes, Marjorie Greig; property man, Herbert Keppeler; scenery, Katharine McLane.

Arrange Details For Proposed New Library

Plans are well under way for the new University library and auditorium, according to information obtained from the office. Mr. Reynolds of the public works department is now going over the details of the plan, after which they will be presented to the board of regents, where other changes and revisions will go into effect, until the plans are accepted.

Although the money appropriated for the library and auditorium cannot be obtained before January at the earliest, it is desired to settle all details as to form and construction, as soon as possible, so that all may be in readiness when the time comes for beginning the construction.

According to preliminary plans now in President Dean's office, the site of the building is to be between Gartley hall and the Cafeteria, with the main entrance from Metcalf avenue. The general plan of the building comprises a large auditorium on one end, on what would be the mezzanine floor; a large reading room on the other end of the building on the ground floor. Under the auditorium and along galleries around and above the reading room, will be the stacking space for books.

Dr. Dean to Give Lectures in Japan

Accepting the invitation of the Japanese-American Relations Committee of Tokyo to lecture on chaulmoogra oil specific and on the Japanese in Hawaii, Dr. Dean, accompanied by Mrs. Dean, will leave for Japan Monday, October 9, on the S. S. President Pierce.

While in Japan President Dean will lecture at the Tokyo Imperial University and at other great gatherings. Dr. and Mrs. Dean expect to return to Honolulu the early part of December.

HONOR SOCIETY GETS BUSY

Preliminary discussion of the drafting of the constitution and by-laws of the Student Honor society took place Friday. Members of the society hope to have the constitution ready soon for approval by the A.S.U.H.

Our Captain

Special Election Characterized By Light Voting

With a total of only 194 votes cast at the special A.S.U.H. and Student Council election Thursday, the following candidates were chosen: Yell leader, Dyfrig Forbes, '25; member of Executive Committee, Allister Forbes, '24; member of Student Council, Laurence Lit Lau, '24; athletic manager, Otto Klum.

Allister Forbes received 155 votes out of 194, while Dyfrig Forbes received 138 votes out of 187. Laurence Lit Lau and Otto Klum were the only candidates for their respective offices.

The number of votes cast, according to classes was as follows: Seniors, 21; juniors, 44; sophomores, 51; freshmen, 78.

The Flag Rush Should Be Abolished? "No"

The Flag Rush should not be abolished, for—

It develops class spirit, it is an effective way of getting freshmen adjusted to college life, it furnishes an enjoyable event for the spectators, it gives publicity to the University.

At least this was the consensus of opinion in the public speaking class last week, when ten members of the class gave impromptu speeches in opposition to any attempt to abolish the Flag Rush. Two students suggested that modifications might be introduced, being afraid that the language used on Cooke field during the Rush might shock the onlookers. Another thought it would be better for the two lower classes to express their feelings in a more refined way, but admitted that he could not think of anything with which to replace the Rush.

COUNCIL PLANS CAMPAIGN

An educational campaign will be launched by the Student council before long for the purpose of making the students get acquainted with the spirit and working of the honor system, according to the decision reached by the council at the meeting held Monday afternoon.

At present the members of the Student council are:

Henry Bindt, '23 (president), May Gay, '23, Charles Lambert, '24, Merlyn Forbes, '24; Lawrence Lit Lau, '24 (secretary), and Dyfrig Forbes, '25.

Football Season Opens Saturday With Two Games

VARSITY MEETS 13th ARTILLERY;
SECOND TEAM CLASHES WITH
McKINLEY

With coaches and players expecting strong and enthusiastic support, with a stiff game at the beginning of the season, the Honolulu football year will open Saturday at Cooke field with the Varsity meeting the 13th Field Artillery from Schofield and the second team meeting McKinley high school.

The first game, which starts at 1:30 p.m., showing McKinley against the Varsity second team, will give football enthusiasts of Honolulu an opportunity to see the strength of both squads. The second team is still smarting from the 54-0 defeat that the McKinleyites handed to it last year.

The Micks are an unknown quantity this year, their line averages approximately 150 pounds. Gilman is coaching again, and there is no doubt that he will produce a fast team. The Micks lineup will probably be as follows: Fullback, Smith; quarter, Whittle; halfbacks, Isaacs and Judd; ends, Saffery and Nakamura. The rest of the line will be chosen from S. Chu, S. Leigh, H. Kaea, Mattson, Leon Pong, and Kealoha.

The lineup of the Varsity second team will tentatively be: Center, M. Forbes; guards, Wolters and Oliviera; tackles, Kapohakimohewa and McLennan; ends, Ikuta and Kuninobu. The backfield will be: Halfbacks, McNichol and Ault; quarterback, Rugh; fullback, Penhallow. This combination should put up a good brand of football.

The second game will give the lovers of the gridiron an opportunity to judge the strength of the Varsity team. If the showing they made Friday against St. Louis is any indication, the team should put up a good game. The Varsity lineup will probably be: center, Duvel; guards, Jacobson and Collins; tackles, Ruttman and Young; ends, Finke, Morse or Thompson; quarter, Blaisdell; halfbacks, Lambert and Searle; and fullback, Wise.

The 13th Artillery, made up of officers and enlisted men, has been in training for a month. They are all in good physical condition, due to rigid training, including gym work and training table. Their daily schedule is drill till noon, football the rest of the day, indicating that the 13th Artillery means business. Captain Craig states that they are out for the championship of Schofield. Any team that beats them will be champions there, he says. The soldiers will come in on a special train, accompanied by a band and hundreds of rooters, promising a lot of pep for their ride and during the game.

"At Home" To Students And Faculty Members

Dr. and Mrs. A. L. Dean were "at home" to a large number of students and faculty members yesterday afternoon from 4 to 6 at their home on Hyde street. Those on the receiving line were Mrs. Dean, Mrs. Andrews, and Mrs. Keller. Mrs. Hunt, Mrs. Van Winkle, Mrs. Pollock, and Mrs. Klum served ice cream, while the upper class women assisted in serving punch. The Glee club furnished some excellent music and made the affair an enjoyable one.

GRID PLAYER LEAVES COLLEGE

"Pump" Searle ex-'25, former Varsity halfback, has left college and will appear on the local gridiron with the Town Team this year.

Modern Flapper
Is Defended By
Faculty Member

"I like the American flappers," says Dr. Romanzo Adams, professor of economics and sociology, "because they are interesting."

"A flapper, according to a dictionary definition, means one or that which flaps. For instance, all young birds can flap their wings, but they cannot fly because they are immature. These are flappers. Therefore when we call girls flappers, it means immature girls and nothing else," explains Dr. Adams, seriously.

"The American girls are different from the girls in Germany, Italy, Japan or other countries. They feel more sure of themselves. They are independent, believing in their opinion, and they enjoy more freedom. In other words, they do as they please. They are like fledglings, or rather, they are fledglings. They are always introducing elements of novelty. It is their immaturity that makes them flappers, and not rolled stockings, bobbed hair and short dresses.

"I like them because they are in the most interesting period of their lives, and this is the very reason I am professor at the university. I don't care very much about teaching children 4 years old or men and women 40 years old. They are not interesting like flappers.

Dr. Adams makes this concluding remark: "The flappers appear to be lacking in respect to the older folks, but they have more than what we think."

R. O. T. C. Shows
27 Per Cent Increase

The R.O.T.C. unit of the University under Lieut. Col. Adna C. Clarke and Capt. E. A. Rudelius, professors of military science and tactics, has shown an increase of 27 per cent over last year's enrollment, the total number this year being 168.

The following temporary officers have been appointed: Commander of Battalion, Francis Bowers; Commander of Company I, S. Deverill; Commander of Company K, A. G. Clarke; and Commander of Company L, D. M. L. Forbes.

Three advanced course classes were organized this year, with a total enrollment of 15 men. Capt. N. McNeill is in charge of the sophomore theoretical class, which meets twice a week.

Physical examinations of the members of the freshmen class have been completed, and rifles and uniforms issued to all cadets.

Women Commence
Fall Sport Practice

Women of the freshman and sophomore classes have already started practice for intra-mural sports.

The contest this year will be pretty close, according to May Gay, '23, the coach. She says "The freshman class has the best material for basketball so far, but as soon as the upper class members turn out, 1926 will have to do some high stepping."

SCHOLARSHIP OFFERED

A scholarship has been offered by the Pacific Guano and Fertilizer Company to a student of the University who is interested in the study of soil fertility. It will be under the direction of Prof. F. G. Krauss of the agronomy department.

PROF. KELLER ACTING HEAD

Prof. A. R. Keller has been appointed by the board of regents to be acting president during the absence of Dr. Dean.

First Senior
Picnic Proves
Great Success

"The seniors can be proud of their achievement. I have been looking forward to this picnic, and I have not been disappointed," said Prof. Harold Palmer, in speaking of the first Senior Picnic held Saturday at the home of Mr. Francis Gay, uncle of May Gay '23, in Kalihi valley. The remark was made after several seniors, led by Richard Tong, had thrown Prof. Palmer into the swimming pool, a stunt planned ahead of time with Prof. Palmer's consent.

Prof. and Mrs. Dean, Prof. and Mrs. Crawford, and Prof. Palmer were the guests of the class of 1923, as well as several under classmen who were invited as partners of each senior.

Swimming, dancing, walking and games furnished the pastimes. A picnic supper, prepared under the direction of Dora Broadbent, was served at dinner time, and shortly after nine o'clock the group motored back to their homes.

Mr. Gay told the class he had enjoyed having them, and that he hoped they would avail themselves of his place again.

Fall Grid Schedule Is
Tentatively Announced

With five teams, the University of Hawaii, Town Team, Navy, Palama, and National Guard, the schedule for the Senior League has been tentatively settled. The games will probably be played at Moiliili field, arrangements with J. Ashman Beaven, manager of the park, having been practically settled.

The schedule adopted was based upon the dates named below:

- November 9—National Guard vs. University of Hawaii.
- November 11—Palama vs. University of Hawaii.
- November 12—Navy vs. National Guard.
- November 18—Palama vs. National Guard.
- November 19—Town Team vs. Navy.
- November 25—Navy vs. University of Hawaii.
- November 26—Palama vs. Town Team.
- December 2—Palama vs. Town Team.
- December 3—National Guard vs. Town Team.
- December 9—Town Team vs. University of Hawaii.

Arrange Stag Social
For Friday Evening

A novel stag get-together with a number of individual stunts, group sports, mass songs, yells and "eats" has been planned by the University Y. M.C.A. for Friday night, when new members will be initiated.

The committee hopes to have Dr. Dean, faculty adviser of the "Y," present at the occasion to give a few farewell remarks before sailing for Japan. President Merlyn Forbes will outline the policy of the University "Y," and stress the significance of membership support.

"Y" SOLICITS MEMBERS

New membership application cards have been adopted by the University "Y" Cabinet, to be used for solicitation of members this year. These cards not only state the objectives of the Association but outline the year's program which the members will carry out.

Active solicitation of members of the University Y.M.C.A. began Wednesday, and it is hoped that Friday when the first membership social is to be held, a large number of new members will be initiated into the organization.

Theta Alpha Phi Holds Initiation

Hawaii Alpha, the 26th chapter of Theta Alpha Phi, a national honorary dramatic fraternity, held its first initiation last May, at which the following became members: Dora Broadbent, '23, president; Kathrine McLane, '25, secretary and treasurer; Douglas Ormiston, '23; Laura Pratt, '25; Dr. A. L. Andrews, Mrs. A. L. Andrews, Mrs. Harry L. Denison, '19; Francis Bowlers, '24; D. W. P. Larnach, '23; Florence Weldon, Fred Denison, '22; Ah Hee Young, '25; Wilnorman King, '21; George Bromley, '20; Earl McTaggart, '21.

The fraternity is open for membership only to persons who have in some way distinguished themselves by work in dramatics, such as writing plays, acting, or taking part in the production by coaching, painting, scenery, costuming, or doing anything required to stage a play. This work must have been done in the University. Membership in the fraternity vests entirely with the chapter.

Theta Alpha Phi publishes a magazine, "The Cue," which is devoted to the news and activities of various chapters and to suggestions in regard to ways of producing.

Ka Palapala Staff Is Named And Approved

The following staff for the 1923 issue of Ka Palapala has been named by the editor and approved by the executive committee of the A.S.U.H.:

Editor, Dorothea Krauss, '24; manager, Masaichi Yanagihara, '24; Literary, James Chun, '24; Athletics, Yasuo B. Goto, '24; Art, Gretchen Blerbach, '24; Cartoonist, Ichio Katsuki, '25; Humor, J. F. Seals, '24; Photographer, R. Wendell Brown, '24; Classes, Ah Hee Young, '25; Calendar, Benita Clarke, '24; Society, Doris Mossman, '24; Organizations, Gwenfreed Allen, '24.

Tennis Club Holds Meeting

The possibility of getting a new tennis court for the University was discussed at a meeting of the Tennis club, held Thursday noon, and decision was made to bring the subject before the Executive Committee. It was also decided to petition the A.S.U. H. to recognize tennis as a minor sport, permitting the award of a minor athletic letter to regular members of the team.

The questions of engraving names on tennis trophies, of getting a new tennis net and of the schedule for the year, were also discussed.

Competitive tennis games will not be held this semester but at the beginning of 1923 a tentative ranking of players will be made and matches will begin.

CHOOSE Y.M.C.A. OFFICERS

At the election of the University Y. M.C.A. held Sept. 27, the following officers were chosen: President, Merlyn Forbes; vice-president, Laurence Lit Lau; treasurer, Allister Forbes; recorder, James Chun; faculty adviser, Dr. A. L. Dean.

Y.M.C.A. GROUPS STARTED

Beginning this week, discussion groups are being started among the men students with Professors Palmer and Keller and Jen Fui Moo.

"If you haven't heard about them, find out what they are about and decide whether you wish to get into this form of extra-curricular activity or not," says Dwight Rugh, student secretary of the "Y."

Two brides accompanied the Oregon football team on its Hawaii trip last Christmas.

Prof. Leebrick Returns

After giving talks to the members of the Maui Women's Club, and to the students of Lahainaluna school and Maui high school, Prof. K. C. Leebrick returned yesterday from the Valley Isle to resume his work at the University.

Dr. Leebrick, requested by the Maui Women's club to deliver a lecture on "Why should women take an active interest in politics?" sailed Saturday afternoon for Maui.

Football Notes

Football at the Varsity is in full swing again. On Friday the Varsity team clashed with the St. Louis College eleven in the first real scrimmage of the 1922 season. Both aggregations derived a great deal of benefit from the game, for the weak points, as well as the strong points of all players were brought out. This will give Coach Klum an excellent opportunity to work on those weak points, and if possible get rid of them. From the viewpoint of the sports editor the showing made by the Varsity team was very encouraging.

Captain Jacobson played his old consistent game at guard. He will offer a tough obstacle in this position to any line or backfield in the league.

Collins showed up well at guard in the scrimmage last Friday. He and "Jake" will make a fine combination.

Duvel did well at center; a little more experience and he will be hard to beat.

Wise in the backfield showed up well. He plunged through the St. Louis line for good gains constantly.

"Fat" Young worked well with "Billy Bullseye" at tackle, both getting through and nailing their men time after time.

Clarence Searle showed splendid form as a line plunger. "Banty" Givens at quarter used head work and was always on the job.

Lambert in the backfield put up a

Manufacture Of Iron Explained

An illustrated lecture on the manufacture of rolled iron was given in room 107 Wednesday night before an audience of about fifty. The films are the property of the American Rolling Mill Co., Middleton, Ohio, and are being distributed to be shown to engineers, manufacturers, contractors and those interested in the construction of steel structures.

The company was represented by Mr. M. W. Moss, the representative of the California Corrugated Culvert Co., West Berkeley, California.

The pictures first showed aeroplane views of the plant, which is a type of mill found in the iron and steel industrial centers of the United States. The process of manufacture was followed from the time it entered the mill in the form of ore until it came out of the mill the finished product. The heat in the furnaces is so great that it is impossible for a man to approach within 15 feet of the molten ore without some suitable protection such as a wet blanket. The camera was placed within three feet of boiling mass and films were taken not without risk to the photographer, who was clothed in wet blankets.

great fight, working especially hard on off tackle plays. Finke and Morse worked well in the end positions. Morse is a new man at this position, but with experience he will doubtless make good.

Football and Us

Saturday afternoon Cooke field will be the scene of the initial football game, with the Green and White matched against the Thirteenth Artillery. Not only is this the opening football game, but it is the only big event occurring that afternoon. For these reasons the attendance should be remarkably large, and with a large attendance for the first game we shall stand a much better chance of winning success throughout the season.

It is not merely our team of eleven men that will meet an opposing team on Cooke field. It is the University of Hawaii that will meet the Thirteenth Artillery. Our team alone cannot be expected to win or lose the game; the result depends upon the University.

Although we may not be among the eleven members of the Varsity team, we are not freed from doing our share to win Saturday's game. It is the University that will enter the contest, and as each one of us is a part of the University, each should aid in bringing glory to the Green and White.

At all times the point for us to remember is that the team will do its best work when it knows that it is being backed up by everybody to the uttermost limit. On the field we shall have a team, on the bleachers we must display colors and make the air shake with thunderous cheers. We can't afford to lose a good start; it may mean success throughout the whole season.

Bees in the Flag Rush

During the recent Flag Rush four boxes of bees were opened near the pole. The results are known to all the spectators.

No act could be more unsportsmanlike.

Because the Flag Rush is a comparatively new event in our athletics, perhaps our sense of sportsmanship is not adjusted to it quite as accurately as it is to something else. How would it be during the Pomona-Hawaii Christmas game for a Hawaii student to open several boxes of bees on the football field? Would Pomona ever come back for another game?

Opening the boxes of bees did not violate any of the rules of the Flag Rush. It was not expected that anyone would do such a thing. There was no rule against wearing brass knuckles. Why? What kind of sportsmanship would it have been if someone had worn brass knuckles? Setting free a lot of bees is exactly the same kind of situation.

If the Flag Rush each year is to be characterized by bee stings, or something else equally unexpected and unpleasant, how long will the Rush be one of our annual events? It is known that the loosing of the bees was planned several weeks in advance. Perhaps other deeds, just as cowardly and unfair, are being planned now. If the bee incident is overlooked, they, too, may be perpetrated.

What are the students going to do about the poor sportsmanship displayed in spoiling the fun of the Flag Rush with the stings of bees?

Something Essential Overlooked

Admittedly, the extra-curricular activities of university students are just as essential as the work in the class room and the laboratory. From a certain point of view they are more important, since it is in these activities that the students find their best means of self-expression. Unfortunately the schedule does not recognize these activities.

This year the schedule threatens to repress greatly participation in student affairs. There are classes which continue as late as 12:30 and there are classes which begin as early as 12:30. The result is that it is almost impossible to bring together even a small group of students.

Important as is the Executive Committee, its meeting time has been restricted to 30 minutes for one day in the week. The Student Honor society, though composed of only five members at present, has had great difficulty in finding a time when four of the five can attend. The Literary society has been obliged to choose the hour from twelve to one on Saturday for its meetings. Similar difficulties confront the other organizations on the campus.

Can't the schedule be rearranged so as to allow ample time for extra-curricular activities? If it is impracticable to leave a certain amount of time each day, say from 12 to 1:30 that might be devoted to student affairs, how would it be to set aside one afternoon for this purpose? Wednesday would be a good day since it comes exactly in the

Gleanings

The initiation regalia was so becoming to some of the frosh girls that we wonder whether the sophomores really inflicted punishment.

I questioned young Bryan a short time ago.

Why he no longer courted Miss C— He looked at me queerly and smiled just a bit.

"The reason's apparent," said he. J. F. Seals, '24.

Man wants but little here below, He's not so hard to please; But woman! Bless her little soul, Wants everything she sees! J. F. Seals, '24.

BEWARE LAURA

In the recent issue of COLLEGE HUMOR there were two lines in a poem called "Graveyard Rhymes" devoted to one of our sophomores. What we want to know is whether it refers to our Laura Pratt or to someone else with the same name. Anyway here are the lines, "Far below lies Laura Pratt, Who mistook a skunk for a pussy-cat."

Calendar

- Wednesday, Oct. 4, 12:00—Newspaper meeting, room 107.
- Thursday, Oct. 5, 12:00—Glee club meeting at Mrs. Crawford's home.
- Friday, Oct. 6, 11:00 a.m.—A.S.U.H. meeting.
- Friday, Oct. 6, 3 to 6 p.m.—Ka Pueo Tea for women students, Elks club, Waikiki.
- Friday, Oct. 6, 12:00—Student Honor society meeting, room 105.
- Friday, Oct. 6, 7:30—University "Y" stag party.
- Saturday, Oct. 7, 10:00 a.m.—"Y" cabinet meeting.
- Saturday, Oct. 7, 1:30 p.m.—Football, Cooke field, Varsity 2nd vs. McKinley.
- Saturday, Oct. 7—3:30 p.m., Varsity vs. 13th Artillery.
- Saturday, Oct. 7—Faculty club picnic, Kahala.
- Monday, Oct. 9—Dr. Dean leaves for Japan.
- Monday, Oct. 9, 12:00—Senior class meeting in Math. room.
- Tuesday, Oct. 10, 12:00—A.S.U.H. Executive committee meeting in Prof. Palmer's office.

The Open Forum

To the Editor: Through your columns may I draw the attention of the students to the primary elections to be held Saturday? Lord Bryce tells us that indifference is one of the worst enemies of democracy. How many persons there are who do not make use of their vote, and then they wonder why things go wrong!

The best way to have clean politics and an efficient government, is for every citizen to perform his full duty. Saturday this will mean casting a vote for the men one believes should be nominated for the respective offices. Those who say they take no interest in politics are not worthy citizens of the United States. ADVOCATE OF GOOD CITIZENSHIP

Fish Popular Dish Of University Students

"Fish, I find, is the favorite 'kauka' of the students," says Ruth Hoe, '21, manager of the University cafeteria and dining hall. "The way to a man's heart is through his stomach, and we are trying to find that way here at the cafeteria."

"A student can get his hunger satisfied here by spending about 30 cents, which will give him some kind of meat dish, some vegetables and a desert." Feeding an average of 100 hungry students a day whose tastes run from pies, ice cream, scrambled eggs to the humble stew, is the problem of Miss Hoe. Besides catering to the tastes of the lunchers, the cafeteria maintains a boarding department for 30 boys in the dormitory. The department will have a larger attendance when the girls' dormitory is opened. The cafeteria was started in Sept. 1921, in the cooking laboratory in Hawaii hall, and was moved to its new quarters in Jan., 1922.

GLEE CLUB MEETS TOMORROW

Election of officers will take place tomorrow noon at the meeting of the Glee club in the assembly room of Hawaii hall. Merlyn Forbes, president of the organization, has asked "anyone who thinks he has half a decent voice" to attend the meeting.

Freshmen won the Flag Rush in 1920.

middle of the week. Perhaps the Wednesday afternoon laboratory periods could be shifted without serious difficulty.

Even if a few students are obliged to give up laboratory work they are now taking, the hardship would be much less than having student affairs generally hampered by the present schedule.
